CONFERENCING SOLUTIONS
For Every Space

Biamp conference room solutions deliver truly extraordinary communication with unparalleled ease of management. Engineered to optimize productivity, our solutions are fully compatible with the most popular unified communications platforms on the market.

GOOGLE MEET · **MICROSOFT TEAMS** · **ZOOM ROOMS**

Our conference solutions provide the communication flexibility the modern workplace demands and also deliver Biamp's legendary professional audio quality to conference rooms of all sizes.
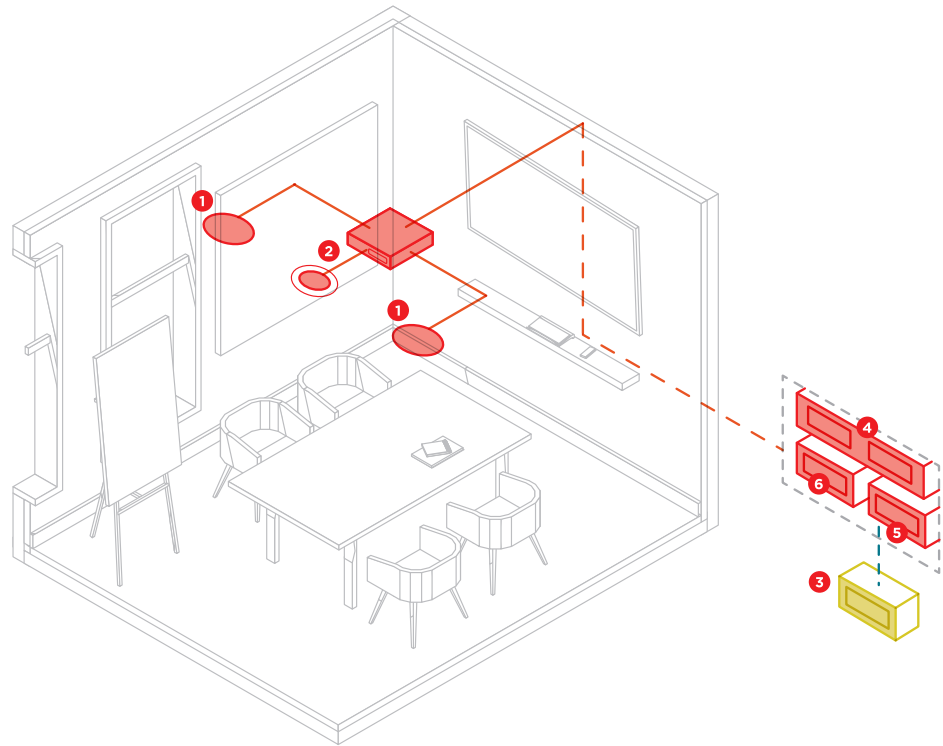

SMALL ROOM

Small meeting rooms are where your teams get the real work done. Biamp's solutions create flexible spaces for your small teams to work productively and communicate clearly, enabling colleagues to stop worrying about the room's technology when it's nose-to-the-grindstone time.

EQUIPMENT LIST

| QUANTITY	PRODUCT	FUNCTION
1	TesiraFORTÉ AVB VT4	Powerful DSP with VoIP, POTS, and USB audio, featuring 4 inputs, 4 outputs, and 4 channels of AEC.
1	UC Host Device	Connected to Tesira EX-UBT via USB port, Customers can take full advantage of microphones and speakers in the room as part of their UC calls. Also supports mute-sync across most common UC platforms.
1	TCM-XA Beamtracking Microphone	Actively tracks and intelligently mixes conversations from around the table. The built-in 2-channel PoE+ amplifier provides amplification to the ceiling speakers.
1	Presentation Monitor	Allows all meeting participants to view a presentation or valuable data being shared in the meeting.
2	Desono C-IC6	Provides sound reinforcement for distance conferencing and/or video conferencing.
1	TesiraCONNECT TC-5	Provides a point for media connections and PoE+ power to all devices.
1	Tesira EX-UBT	Provides mute sync and AEC hand off capabilities via USB for many UC platforms.

MEDIUM ROOM

As meetings grow in size and importance, keeping participants focused on the task at hand becomes increasingly critical. Parlé microphones ensure every voice is heard clearly thanks to their unique ability to track participants throughout the room.

KEY

1. DESONO C-IC6

YOU ALSO GET:

INDUSTRY-LEADING TRAINING

We offer free, online product training courses to anyone in the AV industry who wants to build their Biamp knowledge. These courses also provide opportunities for accreditation and are the only way to become Biamp AV Lab Certified.

EXCEPTIONAL TECHNICAL SUPPORT

You can reach our award-winning Support team from anywhere in the world. Dial 1-877-242-6796 (1-877-BIAMP-XO) from the U.S. or Canada, or +1-503-718-9257 from elsewhere. You can also search for answers on Cornerstone, our technical support knowledge base, at support.biamp.com.

SUPERIOR PRODUCT RELIABILITY

We deliver products that are easy to install, maintain, and use. All Biamp DSP products are manufactured in our ISO 9001:2008-certified facility in Beaverton, Oregon, and include a 5-year warranty.

ON-TIME ORDER FULFILLMENT

Not only do you need a product that's reliable, you need it to arrive on schedule. Biamp has one of the highest on-time delivery rates in the industry. Our order fulfillment cycle for both fixed and configurable products typically ranges from just 1-3 business days.

THE BIAMP DIFFERENCE

BEAMTRACKING MICROPHONES

Four 90° zones simultaneously identify and steer towards talkers, allowing participants to move freely around a space.

SUPERIOR ECHO CANCELLATION

Our signal processors remove unwanted echoes from the call, resulting in unmatched call clarity and intelligibility.

MUTE SYNC

When you mute our microphones, you can feel confident that your conversation is truly private.

UC PLATFORM CERTIFICATIONS

Our conferencing solutions are certified for use with Microsoft Teams, Zoom, and Google Meet.

SINGLE-CABLE CONNECTIVITY

All of our conferencing products are connected via standard category cable, making installation easier than ever.
