

Upgrade your meeting experience with the Barco Trade in offer for ClickShare

Trade in your ageing Barco ClickShare models or competitive products and buy a brand new ClickShare device at a discounted price. Your old products will be recycled in line with WEEE directive, providing you with complete peace of mind and an upgrade path to the latest ClickShare experience!

What's not to like?

Once you've experienced **the ease-of-use and simplicity** of ClickShare, you can't imagine a meeting without it.

What's in it for you?

- An upgrade path from your old hardware to a brand-new ClickShare at a discounted price
- Best practice, through the disposal of your existing hardware in an environmentally conscious way
- Improved features of the latest ClickShare generation, enhancing collaboration and conferencing in your meeting rooms
- Enabling ClickShare simplicity and ease-of-use for all your employees and guests

9 reasons why you should upgrade to new units

1. **Bring your own meeting** with ClickShare Conference and have the same experience whether you are meeting face-to-face or having a remote conference. Turn any space into a collaboration space for your remote meetings.
2. ClickShare Conference adapts to your personal workflow. Being **fully agnostic**, it is compatible with your own laptop, conferencing platform and a broad range of peripherals.
3. **Instant and easy collaboration with CX range:** a truly intuitive and natural user experience which allows you connect in less than 7 seconds.
4. **Share from any device:** ClickShare button, ClickShare Desktop app or via screen mirroring: Google Cast, Airplay or Miracast R2 (CSE-200+ only).
5. Increase engagement and participation in your meetings by working directly on your touch screen, thanks to our **touch back support**.
6. Worried about data security? You can have complete peace of mind, now that ClickShare received **ISO 27001 certification**.
7. Lost track of firmware updates? Can't get into your meeting rooms during the day? Easily maintain, manage and monitor devices with **our central management tool**.
8. **Save money** when buying the new devices at a unique, discounted price.
9. **Help maintain our planet:** the old device is recycled and the materials will be reused!

How does the Trade in work?

- Fill in a short form mentioning the amount of your old Barco devices or competitive products.
- We will contact you with more information and let you choose your new device.
- We will pick up your old devices and send you your new devices.
- Relax and enjoy your new ClickShare.
